RE: Letter of Charges
Registered Nurse Certificate/License # 115824

Dear Ms. Brixon,

Pursuant to 21 NCAC 36 .0217(g), this Letter of Charges is the formal notification to you that an allegation of possible violations of the Nursing Practice Act has been received by the North Carolina Board of Nursing (Board) and an investigation has been completed.

On June 6, 2014, the Board received a complaint that while working at Vidant Medical Center, you failed to intervene or act, when notified multiple times by a cardiac monitoring technician that a patient was off the cardiac monitor. The statutes and rules at issue include but are not limited to N.C. Gen. Stat. 90-171.37 (8) and 21 NCAC 36 .0217(c) (11) and Components of Practice for the Registered Nurse 21 NCAC 36.0224 (b) (2) (A) and (B) and (d) (3), (4) and (5).

Enclosed with this Letter of Charges is a **NON-DISCIPLINARY CONSENT ORDER** that is an offer to you for resolution of your matter currently before the Board. If you intend to accept this **CONSENT ORDER** please return this entire document **within ten (10) days** (make a copy for your records before returning if desired), taking care to **initial each page and sign** (Note your signature must be **Notarized**), **on the last page indicating your desire to accept the Board's offer**.

If you intend to reject the proposed offer, options for resolution include appearance before the Settlement Committee or an Administrative Hearing.

Settlement Committee consists of an informal meeting with members of the Board of Nursing, who review the case and provide you the opportunity to present any mitigating circumstances that would suggest a sanction other than the one offered in the Letter of Charges. The offer in this Letter of Charges will be retracted if you elect to have your case heard by Settlement Committee. An offer for resolution will be made by the Settlement Committee. There is a fee (\$300.00 per hour) associated with this option. If a settlement is NOT reached, no fee is assessed and the case is referred for Administrative Hearing.

An Administrative Hearing is a formal, contested case forum, heard by members of the Board of Nursing. Evidence is taken, sworn witness testimony is given and the Board makes the decision of appropriate sanction based on information presented. If the licensee is found in violation of the Nursing Practice Act in this forum, there is an hourly fee (\$300.00 per hour) associated with this option.

If you intend to request to appear before the Settlement Committee for resolution of your matter or you would like to request an Administrative Hearing in your matter, check the appropriate option on the form enclosed and return to the Board office within **10 days of the receipt of this Letter of Charges and return the Consent Order unsigned.**

If no response is received from you, a Notice of Hearing will be issued setting the matter for a hearing before the Board.

Should you have any questions please call me at the number listed below. I would be happy to assist you.

Sincerely,

Mary E. Howard, RN, BSN
